Residential listings first; professional second. Three male Obama's at the end; don't know how they got lumped into the Michelle Obama category.

A Michelle Obama is listed working at Target, The Hillary Project, The New Republic and Fox News. Obviously, it can't be the same Michelle Obama married to the usurper president.

So many of the listings are for newspapers and media conglomerates. Michelle Obama must be the most popular media name in the country - aside from being a basketball coach and professor.
